1. *Notes with concern* the proposed reduction of resources for conference services for the biennium 2000-2001, and requests the Secretary-General to ensure that efficiency measures are carefully analysed to avoid any negative impact on conference services, in the light of the level and quality of services provided to Member States;

2. *Emphasizes* the importance of providing adequate conference-servicing resources to all United Nations conference centres;

3. *Notes with appreciation* that the overall utilization factor for 1998 exceeded the benchmark of 80 per cent, in particular at Geneva and Vienna;

4. *Encourages* the optimum utilization of conference services in New York, taking into full consideration issues of efficiency and effectiveness, which should include the limitations of small delegations;

5. *Emphasizes*, therefore, the need to ensure equal opportunity for all Member States to participate fully in meeting their obligations under the Charter of the United Nations, and in this connection urges intergovernmental bodies when adopting their programmes of work to avoid, as much as possible, *inter alia*, the scheduling of simultaneous, parallel and/or late night meetings;

6. *Reiterates its request* to the Committee on Conferences to continue to consult with those bodies that consistently utilized less than the applicable benchmark figure of their allocated resources for the past three sessions, with a view to making appropriate recommendations in order to achieve the optimum utilization of conference-servicing resources;

8. *Notes* the importance of meetings of regional and other major groupings of Member States for the smooth functioning of sessional bodies, in view of the increased requests for meetings of regional and other major groups, and welcomes the fact that 83 per cent of the requests for interpretation services for such meetings were met, while 100 per cent of the requests for facilities only were met;

9. *Notes with concern* the difficulties experienced by some Member States owing to the lack of conference services for some meetings of regional and other major groupings of Member States;

10. *Regrets* that 17 per cent of the requests for interpretation services made by regional and other major groupings of Member States were not met, while recognizing that meetings of Charter and mandated bodies must be serviced as a priority;

11. *Decides* to include all necessary resources in the budget for the biennium 2000-2001 to provide interpretation services for meetings of regional and other major groupings of Member States upon request by those groupings, on an ad hoc basis, in accordance with established practice, and requests the Secretary-General to submit to the General Assembly at its fifty-fifth session, through the Committee on Conferences, a report on the implementation of this decision;

12. *Urges* intergovernmental bodies to spare no effort at the planning stage to take into account meetings of regional and other major groupings of Member States, to make

provision for such meetings in their programme of work and to notify conference services, well in advance, of any cancellations so that unutilized conference-servicing resources may, to the extent possible, be reassigned to meetings of regional and other major groupings of States;

13. *Decides* that full interpretation services, in the six official languages, must be ensured for the meetings of intergovernmental bodies for the full duration of those meetings;

14. *Expresses concern* that the conference facilities at the United Nations Office at Nairobi are still underutilized, as recorded during the last reporting period;

15. *Reiterates its call* for better utilization of the conference facilities at Nairobi;

20. *Also encourages* all United Nations bodies and expert groups not subject to the headquarters rule to hold some of their meetings at the United Nations Office at Nairobi;

21. *Reaffirms* the general principle established in the headquarters rule, and, in particular, that all meetings related to environment and human settlements that are organized by the United Nations Environment Programme and the United Nations Centre for Human Settlements (Habitat), respectively, should be held at Nairobi, being the headquarters of the Programme and Habitat;

22. *Discourages strongly* any invitation for hosting meetings which would violate the headquarters rule, in particular for United Nations centres with a low utilization level;

2. *Requests* the Secretary-General to ensure that the texts of the resolutions adopted by the General Assembly are communicated to Member States within fifteen days after the close of the session;

3. *Also requests* the Secretary-General to ensure that the *Official Records* of resolutions adopted by the General Assembly include information on the adoption of the resolutions, such as voting records and sponsors, before the text of each resolution, in the six official languages of the Organization;

4. *Notes with deep concern* the low rate of compliance with the six-week rule for the issuance of documentation;

5. *Reiterates its request* to the Secretary-General to ensure that documentation is available in accordance with the six-week rule for the distribution of documents simultaneously in the six official languages of the General Assembly;

6. *Notes with deep concern* that the provisions of paragraphs 24 and 25 of section B of its resolution 52/214 and paragraphs 11 and 12 of section B of its resolution 53/208 are not being fully implemented;

[9] ST/AI/342

D

Translation- and interpretation-related matters

Having considered the report of the Secretary-General on the provision of interpretation services to other locations from permanent interpretation structures in New York, Geneva, Vienna and Nairobi[10] and the report of the Secretary-General on career development in language services: the post of reviser,[11]

1. *Requests* the Secretary-General to continue the efforts to utilize new technologies, such as computer-assisted translation, remote translation, terminology databases and speech recognition, in the six official languages, so as to enhance further the productivity of conference services, and to keep the General Assembly informed of the introduction and use of any other new technology;

2. *Also requests* the Secretary-General to continue the efforts to ensure that training opportunities in the six official languages are equally available to all language staff, including those at duty stations away from Headquarters;

3. *Decides* that, in the absence of a General Assembly decision to the contrary, the use of remote interpretation shall not constitute an alternative to the current institutionalized system of interpretation;

4. *Also decides* that the use of remote interpretation may not affect the quality of interpretation and may not in itself lead to any further reduction in language posts, nor will it affect the equal treatment of the six official languages;

5. *Requests* the Secretary-General to keep under review the introduction and use of any new technology, in particular remote interpretation, and to report thereon to the General Assembly on a regular basis;

6. *Requests* that efforts should continue to be made to improve quality control of language services at all duty stations;

[10] A/54/176.

[11] A/53/919/Add.1.

7. *Takes note with appreciation* of the note by the Secretary-General on career development in language services – measures aimed at reducing excessive vacancy rates at some duty stations: elements of a system of managed assignments,[12] and requests the Secretary-General to keep the General Assembly informed of developments in this area;

8. *Notes with concern* that the rate of self-revision exceeded the established benchmark and even tended to increase at all duty stations;

9. *Recognizes* that an increase in the use of temporary assistance and contractual translation services could increase the need for revision at the senior levels;

10. *Notes* the concern that some documents issued in Arabic tend to follow a consistent pattern of excessively literal translation, by focusing more on the vocabulary, and not on the content of the original language, and requests the Secretary-General to ensure that this situation will be rectified;

11. *Requests* the Secretary-General to ensure that translation, as a principle, should reflect the specificity of each language;

12. *Also requests* the Secretary-General, in order to further improve the quality of translation of documents issued in the six official languages, to ensure continuous dialogue between translation staff and interpretation staff, among United Nations headquarters at New York, Geneva, Vienna and Nairobi, and between translation divisions and Member States with regard to the standardization of the terminology used;

13. *Further requests* the Secretary-General to ensure that Member States, which are the main users of United Nations documents, are briefed periodically on the terminology used;

14. *Decides* to keep the matter under review through consultations with Member States concerned;

E

2. *Requests* the Secretary-General to improve and update the access and retrieval of documents from the United Nations web sites and from the optical disk system equally in the six official languages at all duty stations by March 2000;

3. *Also requests* the Secretary-General in formalizing the structure of the Information Technology Section to ensure that the six official languages are treated equally;

4. *Further requests* the Secretary-General to ensure that the goal of equal treatment of the six official languages is taken into account in the course of the continuous development, maintenance and enrichment of the United Nations web sites;

5. *Requests* the Secretary-General to take necessary measures to improve access to the web page of the Procurement Division;

[12] A/AC.198/1999/6.
